MIA Update: See website

<https://dpaa-mil.sites.crmforce.mil/dpaaRecentlyAccountedFor>

Claim Shark companies have made statements that they aren't breaking the law because they don't charge fees for "preparing" veterans' claims. Claim Sharks state that they "assist" or "consult" for veterans' claims, and this how they rationalize why they should be allowed to charge thousands of dollars for their services.

This is still illegal. Using creative semantics to skirt the law is not innovative, and it is not honest or transparent.

There are no "good actors" or "bad actors". Every company that charges for initial claims assistance is doing it illegally.

Claim Sharks say veterans should have the "choice" to be fleeced out of thousands of dollars. No

matter how much money these companies spend on Capitol Hill, We will not allow them to dismantle consumer protections and normalize harming veterans.

VETERANS, GET ON THIS TODAY:

DON'T MISS OUT ON WHAT BENEFITS ARE AVAILABLE TO YOU.

**"You can only blame yourself if you are
not receiving the VA benefits you rate"**

**The VA will only give you what you ask for,
So ask for every injury you know you received in service,
remember most injuries get worse over time for most of us aging veterans
(Yes, We know a Few of you are Extremally healthy)**

**You can do this yourself Online,
Just need to create a VA.Gov account if you have not already done so.**
